

ESP - Delete Agent Requests For Users

This removes failed jobs requests after 1 month that users are not cleaning up themselves.

```
/*  
This script will clean up the agent errors that we are not looking  
for every day.  
  
Please run in SQLAgent every day.  
  
Created by Steven F Ling on 2021-06-22  
*/  
--select * from agtRequest where status=3;  
delete from agtRequest where status=3  
and errordescription like '%email%'  
or errordescription like '%exited%'  
or errordescription like 'The docket number%'  
or errordescription like '%KDG: Error%'  
or errordescription like 'A connect%'  
or errordescription like '%No available document rules%'  
and cast(actiondate as date) <= cast(dateadd(m,-1, getdate()) as date);
```
